### **DEFINITIONS OF HEALTH/WELLNESS - pnf.org**

health and wellness for life chapter answers Health, as defined by the World Health Organization (WHO), is  
"a state of complete physical, mental and social well-being and not merely the absence of disease or  
infirmity." This definition has been subject to controversy, as it may have limited value for implementation.  
Health may be defined as the ability to adapt and manage physical, mental and social challenges throughout  
life.
