how to use coffee filter paper Coffee is a brownish color that is like the color of a medium roasted coffee beans. Different types of coffee beans have different colors when unroasted--the color coffee represents an average. The first time coffee was used as a color name in English was in 1695. The source of the color displayed at right is the ISCC-NBS Color List (see Page C, Coffee, color sample #58).

how to use coffee filter paper The history of coffee dates back to the 15th century, and possibly earlier with a number of reports and legends surrounding its first use. The native (undomesticated) origin of coffee is thought to have been Ethiopia, with several mythical accounts but no solid evidence. The earliest substantiated evidence of either coffee drinking or knowledge of the coffee tree is from the early 15th century

how to use coffee filter paper Coffee from this western-most island in Indonesia is intriguing and complex, due to the large number of small-holder producers and the unique "giling basah" (wet hulling) processing technique they use. At the green bean stage, coffee from this area has a distinctive bluish colour, which is attributed to processing method and lack of iron in the soil.
