

medical terminology chapter 24 practice exercises answers

medical terminology chapter 24 pdf

medical terminology chapter 24 practice exercises answers Medical classification, or medical coding, is the process of transforming descriptions of medical diagnoses and procedures into universal medical code numbers. The diagnoses and procedures are usually taken from a variety of sources within the health care record, such as the transcription of the physician's notes, laboratory results, radiologic results, and other sources.

medical terminology chapter 24 practice exercises answers Dwarfism can result from many medical conditions, each with its own separate symptoms and causes. Extreme shortness in humans with proportional body parts usually has a hormonal cause, such as growth-hormone deficiency, once called pituitary dwarfism. Two disorders, achondroplasia and growth hormone deficiency, are responsible for the majority of human dwarfism cases.
